Sectors

Manufacturing

Joda Freight provides customised logistics solutions to the manufacturing industry, ensuring timely delivery of raw materials, finished goods, and machinery. With a reliable carrier network and expert logistics team, we handle shipments

Food

Our services cater to the food industry, with transportation and storage solutions for perishable goods. Temperature-controlled equipment ensure that your products arrive in perfect condition, guaranteeing the safety & quality of your goods.

Construction

We offer comprehensive freight solutions for construction, handling heavy equipment, oversized cargo, and building materials. Our expert team provides end-to-end logistics services, ensuring timely and cost-effective delivery while meeting customer needs.

Pharma

We offer secure and temperature controlled transport for pharmaceuticals, vaccines, and medical supplies. Our team is trained and regulatory compliance, providing tailored solutions for transportation of finished goods and raw materials.

Pre-Fab

We have a history of transporting prefabricated building components with expert handling of oversized and irregularly shaped items. We provide specialised equipment and trained personnel for safe and timely delivery of your shipments, managing the logistics process from start to finish.

Shopfitting

With a focus on timely delivery and careful handling of fixtures and fittings, our logistics team has the expertise to provide tailored transportation solutions. From planning to execution, we offer specialised equipment and trained personnel to ensure your shipments arrive on time and in excellent condition.

Facilities Management

Providing premium transportation services to facilities management companies, our expert logistics team specialises in timely delivery and careful handling of sensitive equipment. With tailored solutions and expert handling, we ensure your shipments arrive on-time and in perfect condition.

Special Projects

Expertly handling complex logistics projects, our experienced team specialises in transporting oversized cargo and specialised equipment. We offer tailored solutions for wind turbines, mining equipment, and aerospace components, working closely with you to plan and execute a successful project.

About Us

Joda Freight originated from the two company founders John Collett & Dave Wareing. Both went into business together over thirty years ago with a primary function of establishing a haulage company with a professional and friendly service. In 2023 John and Dave retired as a result of a management buy out by Neil Tullet and Kieron Talbot-Sykes, Neil and Kieron's vision for the future is to become one of the markets leading provider of specialist haulage services and they have plans to expand Joda's foot print by developing new customers nationwide.

38 Years & Counting

Thus with over 38 devoted years within the road haulage and transport industry, Joda Freight continually develops in both knowledge and experience in carrying all types of general road haulage. We pride ourselves upon our reputation to provide high levels of customer satisfaction with our versatile and dependable services to Industry. Great emphasis is placed to ensure reliability and the utmost professionalism is portrayed through every one of our drivers, delivering on your behalf! Our comprehensive fleet consists of over 60 vehicles, ranging from artics, 18 & 26 ton rigids , HIABS to curtain sided transit vans. In excess of one hundred fifty various trailers (Euroliner, double deck, moffett forklift & tail lift equipped, flat/stepframes) Specialising in groupage based haulage; full or part loads, our skilled teams are fully trained and committed to delivering goods, on schedule.

Freight Forwarding

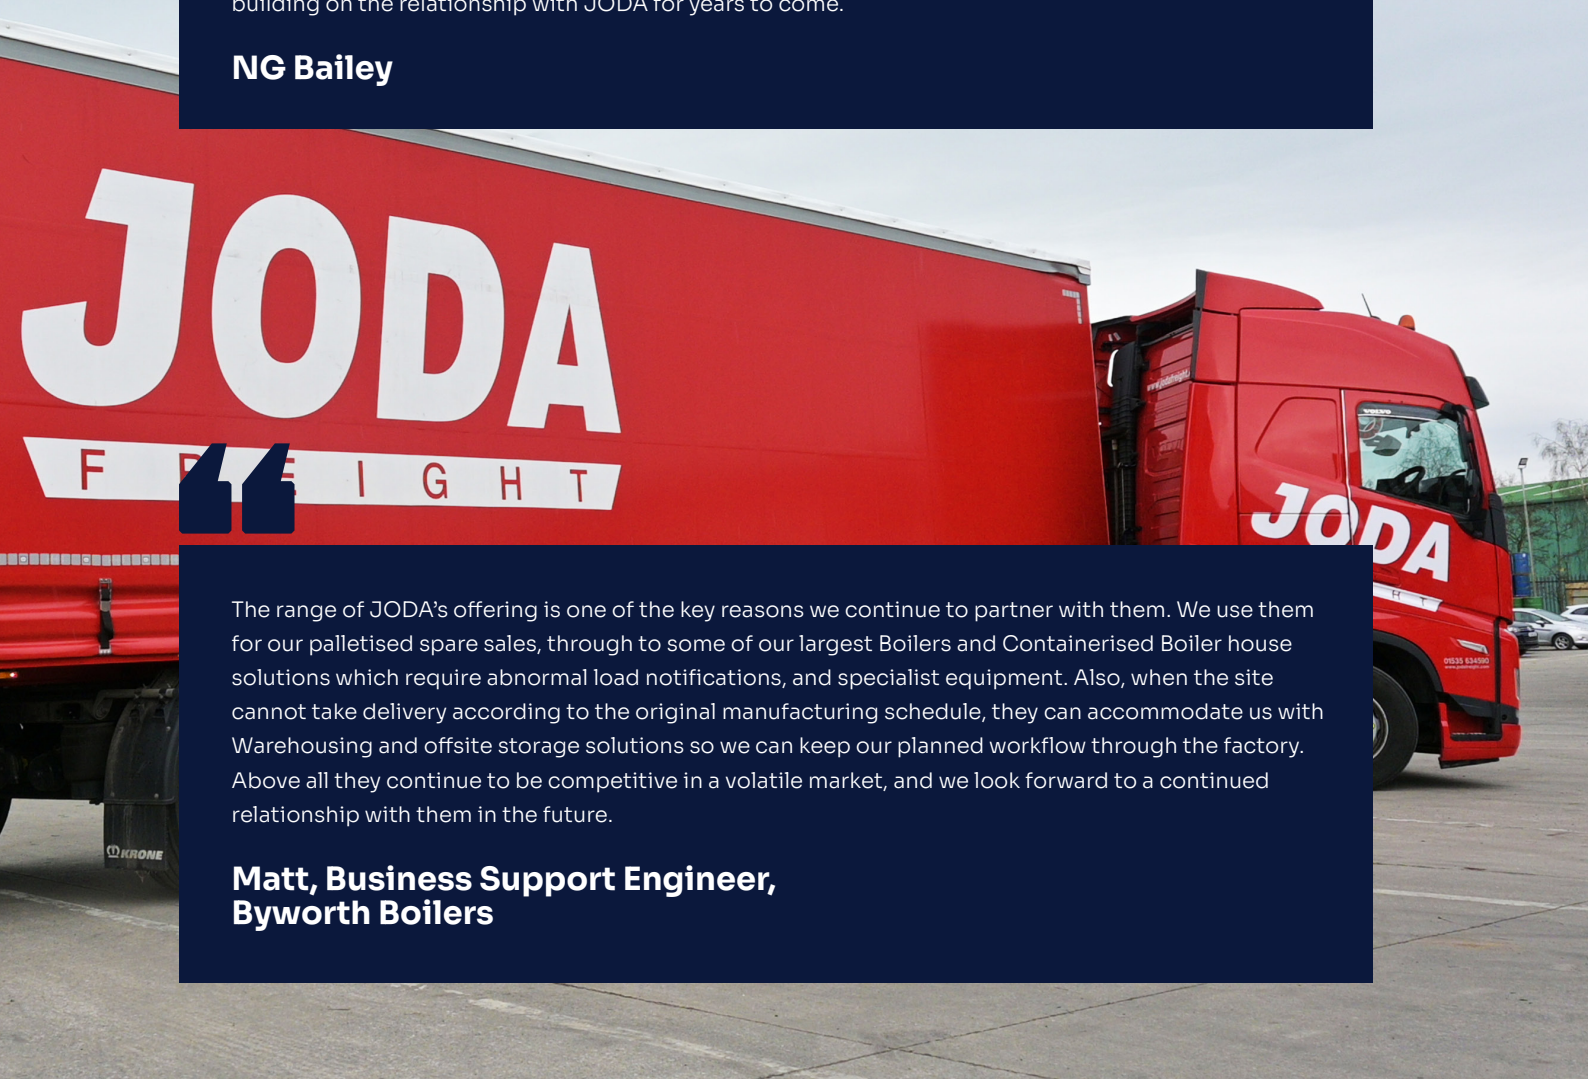

JODA Freight's dedication to support our business needs is one of many reasons, they're a trusted partner for NG Bailey. Having a dedicated support team on hand when we need it, has meant we have built a strong and trusted working relationship. This was proven during the COVID-19 pandemic when we were supporting with delivery of the Nightingale Hospitals across the UK. At short notice JODA were able to provide a service which enabled us to deliver critical infrastructure to these hospitals. Over the years JODA have provided services ranging from delivery to storage solutions, advice on abnormal loads and informed on delivery to meet our product/site requirements. We look forward to building on the relationship with JODA for years to come.

NG Bailey

The range of JODA's offering is one of the key reasons we continue to partner with them. We use them for our palletised spare sales, through to some of our largest Boilers and Containerised Boiler house solutions which require abnormal load notifications, and specialist equipment. Also, when the site cannot take delivery according to the original manufacturing schedule, they can accommodate us with Warehousing and offsite storage solutions so we can keep our planned workflow through the factory. Above all they continue to be competitive in a volatile market, and we look forward to a continued relationship with them in the future.

**Matt, Business Support Engineer,
Byworth Boilers**

Warehousing

The storage and management of your goods is critical to the success of your business. That's why we offer comprehensive warehousing solutions that are tailored to meet the specific needs of your business. Whether you require short-term storage or long-term inventory management, we have the expertise, resources and equipment to provide you with a reliable and cost-effective solution.

Refrigeration Consultant. Lidl UK**

Hiab Transport

The JODA Team reassured me that our delivery was no problem for them to handle. They were kind enough to liaise with my contacts at the collection point in Chorley, and dealt with everything on my behalf. On the day of collection, the team kept me updated on the progress of the delivery all the way.

Safe to say, the whole experience for me was seamless. I deal with hauliers and freight forwarders every day in my job and its nice to be able to say that this whole job was so smooth and painless!

Carlie Pickard, Production Manager, Topdental (Products) Ltd

Moffett Deliveries

The most recent experience with Joda Freight was the delivery of some Full Glass Door Liebherr freezers on a busy Central London street into a retailer's premises.

The lorry driver / Moffett driver arrived on time and was particularly skillful in undertaking this time critical and delicate maneuver. He was customer friendly and ensured that all went well with our large international food retail customer.

Stephen Ongley, National Sales Manager, Liebherr

Global Services

We offer an extensive range of services that cater to all modes of transport including air, rail, road, and sea. As an international freight forwarding company, we provide you with a personalised service that is tailored to meet your individual requirements.

We take pride in adapting to our customers' needs and ways of working to ensure we provide a seamless and efficient service. Whether you require FCL (full container loads) or LCL (groupage) cargo, we have the expertise and experience to transport consignments of any size. We provide a price competitive service that prioritises both speed and efficiency, so you can be sure your goods will arrive at their destination on time.

Air Freight

Road Freight

Sea Freight

We've been working with Joda Freight for the bulk of our logistics needs for many years. As a supplier of both large machines and smaller parts, their flexible service is ideal for our unique requirements. Whether it's short hauls or long-distance overseas transportation, they handle each task with precision and care, leaving us with peace of mind knowing our cargo is in capable hands. Communication with the logistics team is clear and transparent, and they always go the extra mile to ensure timely delivery of our goods, keeping us informed every step of the way. In an industry where reliability is paramount, Joda Freight consistently exceeds expectations. We wholeheartedly recommend their services to any company in need of top-notch haulage solutions.
